Subject: Anonymous report

Good day,

I would like to submit an anonymous report regarding suspected animal neglect and possible mismanagement at a farm in the Durbanville area.

I have observed an elderly horse on the property that appears to be severely malnourished and in poor physical condition. In addition, there are several ponies roaming the farm that do not seem to have access to clean drinking water. The available water sources appear dirty, with overgrown vegetation and the presence of dead insects.

There are also numerous potentially dangerous objects and debris scattered around the property, which may pose a risk of injury to the animals.

I am concerned about the welfare and safety of these animals and kindly request that an inspector be sent to assess the situation and take any necessary action to ensure their wellbeing.

Details of the farm are as follows:

Rivendale Farm
Tinkerberg Road
Paarl Farms
Cape Town
7550
