

PRE-QURBANI

Name of Mufti N/A Tel Property Owner Erhard Bhur Tel 082 443 4881Address Anum Lily Boerdery, 15 Ottery rd, PhillipiInspectors R. Davids & E. Graham Society COGHDate of pre-inspection 16/4/2026 Time of pre-inspection 15H00

Number of Animals Expected for Slaughter:

Sheep ± 700 Goats ± 100 Cattle ± 30 Other ± 20 Pigs

Transport

1. What type of transport will be used and accepted? Truck
2. Average distance of where animals will be sourced from Moorreesburg & Gouda (Kallis)
3. if animals are not already at the site, when are they expected to arrive?
Continuously arriving as it is a Saleyord.

Facilities and Handling

4. Has the facility conducted Qurbani previously and what were the concerns?
Yes, but for sales. Relating public transport there was denial of vet treatment, lack of ventilation, tethering in transit, non-slip flooring. 7 animals were seized from the public.
5. Does the facility have suitable ramps available? Yes
6. Are there adequate pens available for all species? Yes
7. How many animals can each pen take?
Cattle - Sheep - Goats - Other -
8. What contingency plan does the facility have should there be any downers?
Emergency slaughter (they allow us to help)
9. Will food and water be provided? Does the facility have proof of troughs which will be available?
Oathay, on road pellets (wasted)
10. Have the staff been trained on humane handling of the animals prior to the event?
Yes, educated on this again.
11. Have handlers and staff been trained in how to handle emergencies? For example, if a bull was to escape, what is the contingency plan in place?
12. Who will conduct any emergency slaughters? Martin
13. Do holding pens overlook slaughter areas. Saleyord
14. How far are pens from the slaughter area and how will animals be transferred to the slaughter area?
N/A
15. How will animals be restrained for slaughter? (Note: animals shall not be cast with any rope,

wire, string etc.)

Blindfold sheep, don't restrain

16. If a stun box is to be used, is it built adequately to allow minimum stress on the animal? How does the box rotate when slaughter is done? (have tyres or a soft landing been placed or will the box fall directly onto the floor?)
Crush in cases of emergencies.
17. Does the site have experienced slaughterers to assist the public who choose to slaughter their own animals? Yes, but they do not allow the public
18. Will animals be slaughtered on the ground or raised plinths?
Cement ground when necessary
19. How will the blood be washed/cleaned after each slaughter?
Hosepipe
20. Is shade provided for small stock? Yes
21. Does the facility have, or will permission be obtained from the municipal or local health authority to perform slaughter? If so, provide details.
Igmarm solution sanitizer.

Comments This saleyard runs year round and is well educated about the SPCA by now. Qurbani guides given to staff to train new staff before Qurbani. Will monitor regularly.

Signed

Jaham
