PROTECTION:

Animals not only have to be protected from theft but also from negative human influences such as the teasing and chasing of the animals.

Animal supervision Yes
Interaction between the public and animals must be under strict supervision to ensure the animals are not teased, chased, frightened or abused in any manner

Enclosure supervision Yes
Adequate supervision must be provided to ensure that animals are not exposed, either deliberately or negligently, to harmful products such as cigarettes, alcohol, broken glass, potentially harmful foodstuffs or uncontrolled feeding programmes

Birds of prey —
In areas where birds of prey may pose a threat, sufficient vegetation, such as trees and shrubs, under which the small stock can hide will minimise the threat and offer protection

Fractionious animals —
Animals must be protected from bullying and aggression from other animals, including those of their own species. Frail, timid or aggressive animals must be housed separately, or degraded of harmful

Noise and people —
Animals must be protected from unacceptable noise levels such as loud music, high-frequency noise and fireworks. All animals should have an appropriate area in which they can retreat to away from direct contact with the public and other animals
