Witness/Employee statement

Instructions: Complete in your own words, the immediate events leading up to including the accident events. Your efforts to provide complete descriptive details of the events is essential to determine the facts about the incident

On the 2 March 2026. I was ^{Coming for} ~~working~~ night shift around 17:20 pm. I Pass 2 females walking with their 2 dogs along wood drive. The Clients dogs were inside the yard and they ^{were} barking to those of these females. She take out a white bottle and spray the dogs while they are busy barking with other dogs. She spray the dogs with ~~the~~ a red fluid which doesn't have a smell. Mr Michael come and ask That where I ~~has~~ told him about these females.
