Follow-Up Date: 2026-04-19
Comments:
Dear Ms Werth,
Thank you for your correspondence.
Please note that the veterinary assessment provided dates back to January 2026. Given the concerns raised and the ongoing nature of the condition described, it is necessary for the SPCA to conduct a follow-up inspection and for Arnie to receive a current veterinary assessment to ensure that adequate and appropriate treatment is being provided.
The SPCA has a statutory obligation to ensure the welfare of animals and cannot close the matter without sighting the animal and confirming its present health status.
We trust this clarifies the process. Please advise on availability for inspection by no later than 16 April 2026, 17h00.
Kind regards

Insp. Rudolph Philander
