Subject: URGENT: developments AFTER last inspection at Riverview Church, Corner of Main & Steenberg Road

Reference number: 230336 (we do have others)

Hi,

Your inspector was at the above premises on Monday 20th. This was a visit AFTER a final notice had been issued to the owners. They lied and said 2 of the dogs had been taken back to their previous owners (and would not give the address details). There were 3 dogs. The female was given away over the weekend (she was pregnant). 2 dogs remain although the owners state that they only have 1 (they must have hidden the black dog when the inspector was there). Only one dog was found to be roaming freely.

See video evidence (with time stamp) from YESTERDAY which shows the black dog is STILL THERE and is still tied on a short chain. THEY HAVE IGNORED YOUR FINAL NOTICE and we are all failing those dogs. The community have sent through affidavits over the weekend. THIS CASE cannot close, it is not resolved. All legal steps have been followed and the community now wait on the SPCA to do their part - remove the dogs.

I trust that action will be taken swiftly (i.e. today)
