FINDINGS

:

Confinement of animal/s:

Free roaming - property not adequately fenced

Adequate space:

Yes

Clean living environment:

Yes

Water available:

Yes

Adequate shelter available: Yes

Animal/s in good condition: Yes

Veterinary problems / health concerns: No

Comments, if any:

The owners opted to sterilize both cats as they were mom and daughter cats and they did not want the responsibility of kittens in the future. Animals were brought in on G46526, G46525. The puppy was too young for steri and education was given with regards to the mobile vet nearby for vaccinations. The pup was given proactive deworming treatment. There was a request for cat food upon our return.

ACTION TAKEN :

☒ Owner educated

OUTCOME / FOLLOW-UP :

☒ Animal/s brought in for treatment

Treatment Card number/s: G46526, G46525
