**Comments, if any:**

Coco the brown Pitbull was suffering with a skin condition. This was addressed with warning 120622. Sky was of good body mass and no welfare concerns. Coco was on a short static chain which was tied to a pole and this was completely unnecessary as the dwelling was in fact adequately fenced. The owner was made to untie Coco and educated on this for future. Owner was given 5 days to take Coco to the vet in order to treat the skin condition.
