Comments, if any:

Mr Martin had his dog on a chain however the length was short and there was no running line. We agreed to assist him with the running line but he had to clean the living area in order for there to be space for the running line. Mr Martin was given a education pamphlet for visual understanding. Tsoka had a kennel but it was broken and needed some fixing. We assisted with tick and flea treatment aswell as dewormer. Mr Martin was given warning 120658 for 5 days to make the changes.
