Subject: 33 Lousie Crescent - INSP231021

Good evening Nikita

33 Louise Crescent - I am angry having to mention this again.

The pittie - we see her tied up in front now and then - still with that stupid belt or something around her neck which I cannot understand is still there - was this not addressed by the inspectorate? As at 21h00 on 22/07 - she is again chained in front of the house and it is raining. Why if continuous complaints have been logged, are regular unscheduled check ups not done? I fully understand that the inspectorate is very busy - but I ask that you please assist with this situation.

I have videos and pictures and will post it in the control room whatsapp group.

We know that she has a running leash - and that it was working for a short while. But for the past few days she has been tied up in front of the damn house - in the cold - NO SHELTER of any kind. I need this addressed as a matter of urgency please - please Nikita...
