Comments:**SPCA INSPECTOR FIELD REPORT**

Case No: 231421

Date: 08 July 2026

Time: 09:30

Address: 32 John Bridgeman Road, Browns Farm, Cape Town

Inspector: Jeffrey Mfini

Owner: Mr. Temba Sonandi

Dog: 1 x Dog, Name: "Juice"

1. PURPOSE OF VISIT / TELEPHONE CONTACT

Follow-up telephone contact regarding injured dog and veterinary treatment.

2. FINDINGS & DISCUSSION

On the 08th of July 2026 at approximately 09:30, I telephonically contacted the complainant, who is the wife of Mr. Temba Sonandi.

I enquired if she was on the property. She advised that she was not on the property but would be there later today.

I enquired if the dog had been taken to the vet. She was not aware.

I then contacted Mr. Temba Sonandi directly. He confirmed that the dog, named "Juice", was taken to the vet on Saturday. The dog was given antibiotics and instructed to return for follow-up treatment on Saturday.

Mr. Sonandi expressed frustration regarding SPCA visits to his property. I advised him that SPCA attends properties due to complaints/concerns regarding animal welfare, and that we will continue to monitor the situation until the matter is resolved.

Mr. Sonandi then stated that we should just take the dogs. I advised him that I have no objection to seizing the dogs provided he signs them over to the SPCA. He refused to surrender the dogs.

I advised Mr. Sonandi to comply with the veterinary instructions and to take the dog back on Saturday for follow-up treatment. He agreed to do so.

I further advised that I will follow up with the Animal Welfare Society where the dog received treatment.

3. ACTION TAKEN

1. Telephonic contact made with both complainant and owner.
2. Advised owner of veterinary compliance requirements.
3. Will follow up with treating veterinarian/Animal Welfare Society.

4. OUTCOME & FOLLOW-UP

Case Status: MONITORING

Follow-up required on Saturday to confirm that "Juice" attended follow-up veterinary treatment.

Continue to monitor welfare of animals on property.
