| Comments:       | <p>The complainant called in for feedback and mentioned the other dog that seems in fair condition is underweight but the dog will not allow the inspector to touch her.</p> <p>The other dog is thin and the bones is showing. The kennel was given by a neighbour and is standing on the cold ground, not even on a pallet. These people don't care about animals and never feeds the dogs, she use to place a bucket of food over the wall with a rope, but then the dogs would fight amongst themselves, so she stopped feeding them.</p> |
