Comments:	I first called the respondant to find out if she was at home and she told me that she gets home after 18:00. I asked her about the incident that occured at the beach regarding a dog that was tied while the owner was praying. She told me that she drives a car with a GP number plate and came down to Cape Town from JHB in June 2023, she owns 2 dogs and they never left home to go to the beach. She suggested that the person we are looking for might be the previous tenant. I then discussed the case with Insp. Rudi and advised that it should be closed based on the fact that this is not the person we are looking for and also taking into consideration that she gets home after 18:00. NFA.
