Comments:	I spoke telephonically with the new owner, Mr Aaron Isaacs, who explained that Vegeta had been surrendered to him as the previous owner was no longer able to keep him. Mr Isaacs stated that on Sunday, Vegeta was transported to Johannesburg to undergo training and assessment for possible placement within the security dog environment. He explained that this placement is not yet confirmed and that the purpose of the training period is to determine whether Vegeta is a suitable candidate for this type of work. Vegeta is expected to return in approximately three weeks , at which point a decision will be made regarding his future placement. As the initial complaint relates to a different property and Vegeta is no longer being kept at that location, no further action is required at this stage. Case NFA unless otherwise instructed by a supervisor or a further complaint is received. Aaron Issacs 0713141787
