AFFIDAVIT

I, the undersigned

**LWAZI NTUNGELE
(ID 9902055326084)**

Do hereby make oath in English and state that:

1. I am an adult male Inspector employed as such by the Cape of Good Hope Society for the Prevention of Cruelty to Animals ("SPCA") at corner of 1st Avenue and First Road, Grassy Park with contact telephone number/s 021 700 4158/9 or 083 326 2377 and with email address insp7@spca-ct.co.za.
2. The facts contained herein fall within my personal knowledge, unless the contrary appears from the context or is expressly indicated otherwise, and are, to the best of my knowledge and belief, both true and correct.
3. On 5 July 2026, the Cape of Good Hope SPCA received a complaint concerning a dog that had reportedly been attacked by another dog and had sustained a severe injury to its ear. The incident was reported to have occurred at 54 Waratah High Places, Cape Town (hereinafter referred to as "the property"). It was further reported that the owner had refused to surrender the dog to the Cape of Good Hope SPCA for veterinary treatment.
4. Inspector Lee Prins had previously conducted two (2) inspections at the property and had issued warning notices to the owner, Beaudine Baartman, identity number 881200025080, contact number 076 939 9893. The matter was thereafter allocated to me for further investigation.
5. On 7 July 2026, I conducted a follow-up inspection at the property. Upon my arrival, there was no one present at the property, and I could not observe any animals from my vantage point.
6. On 8 July 2026, I conducted a further follow-up inspection at the property. I met with the owner and informed her of the purpose of my visit. She advised me that she had been unable to obtain veterinary treatment for the dog because she was unemployed and did not have the financial means to pay for such treatment.
7. I explained to the owner that, due to the nature of the injury, the dog required veterinary attention and that, should she be unable or unwilling to procure the necessary treatment, she could surrender the dog to the Cape of Good Hope SPCA so that the animal could receive the required veterinary care. The owner declined to surrender the dog.
8. The owner subsequently stated that she had taken the dog to a Cape of Good Hope SPCA mobile clinic. I requested proof that the dog had attended the mobile clinic; however, she was unable to provide any such proof.

I, Lwazi Ntungele, further state under oath and in English that:

9. During the inspection, I observed the dog from outside the property. The dog was repeatedly shaking its head and appeared to be experiencing discomfort. The affected ear was visibly hanging and appeared abnormal. From my observations, the injury appeared to be in a deteriorated condition and there appeared to be signs consistent with infection. I was concerned that the dog had not received the veterinary attention required for its injury.
10. In view of the continued failure to obtain veterinary treatment for the dog, despite previous inspections, warning notices and my direct engagement with the owner, I determined that further legal intervention was necessary to secure the animal and have it examined by a veterinarian.
11. On 9 July 2026, I applied for and obtained a warrant authorising the entry onto the property and the seizure of the animal concerned. The warrant was duly considered and granted.
12. On the same day, I returned to the property accompanied by officials from the City of Cape Town Law Enforcement Animal Control Unit and members of Kleinville SAPS. We attended the property with the signed warrant.
13. Upon entering the property, we met with the owner's son and explained the purpose of our attendance and that we were there in relation to the injured dog. We requested to speak with Beaudine Baartman, but were informed that she was not present at the property. We searched the property but could not locate her.
14. I enquired from the owner's son whether the dog had been taken to a veterinarian for treatment. I was informed that the dog had not been taken to a veterinarian.
15. I observed the injured dog free-roaming on the property. The dog had access to shelter and water; however, it continued to display signs of discomfort associated with the injury to its ear.
16. I also observed a Pit Bull-type dog on the property. This dog appeared to be in fair physical condition and had access to shelter and water. Due to its aggressive behaviour, it was necessary for the animal to be confined for safety purposes.
17. In accordance with the authority granted by the warrant, I seized the crossbreed dog that had sustained the ear injury. I left a copy of the warrant, my affidavit and the seizure notice with the owner's son.
18. The seized dog was taken into the custody of the Cape of Good Hope SPCA for veterinary assessment and treatment. A veterinary report was subsequently obtained and is attached hereto as "A3".
19. The seizure was reported to Kleinville SAPS and recorded under Occurrence Book entry 994/07/2026.
20. The warrant is attached hereto as "A8", and the seizure notice, bearing number 02586, is attached hereto as "A9".
21. On 8 July 2026, I used my personal cellular telephone, a Samsung Galaxy S24 FE, to take photographs of the dog and the conditions observed during my inspection. These

I, Lwazi Ntungele, further state under oath and in English that:

photographs are contained in Album "B". I confirm that the photographs are a true and accurate representation of what I observed at the time and that they have not been edited, altered or enhanced in any manner.

22. Based on my observations, the history obtained during the investigation, the failure to procure veterinary treatment for the injured dog, and the subsequent veterinary examination, I respectfully request that the appropriate criminal charges be investigated against the owner, Beaudine Baartman, identity number 881200025080, for contraventions of the Animals Protection Act 71 of 1962, including:

- a. Section 2(1)(a), in that she neglected and/or ill-treated the dog by failing to take appropriate action to address the animal's serious injury;
- b. Section 2(1)(e), in that, being the owner of the dog, she failed to render or procure veterinary or other medical treatment or attention which she was able to render or procure for the animal in need of such treatment as a result of its injury;
- c. Section 2(1)(q), in that, being the owner of the animal, she permitted the commission or omission of an act contemplated in section 2(1) of the Act; and
- d. Section 2(1)(r), in that, by negligently omitting to procure or obtain the necessary veterinary treatment for the injured dog, she caused or contributed to unnecessary suffering being caused to the animal.

23. I know and understand the content of this declaration.

I have no objection to taking the prescribed oath.

I consider the prescribed oath to be binding on my conscience.

It was further reported that the owner had refused to surrender the dog to the SPCA for veterinary treatment.
4. The matter was allocated to me for investigation. On the same day, at approximately 16h45, I attended the property. Upon my arrival, I met with Beaudine Baartman, identity number 881200025080, contact number 076 939 9893.
5. During my inspection, I observed two dogs and two cats free-roaming on the property. The animals had access to drinking water, a clean living environment and adequate shelter. Two of the cats and one of the dogs appeared to be in fair condition.
6. The remaining dog, named Zaid, a mixed-breed dog black, tan and white in colour, was the dog in question. I observed an injury to its ear, which appeared to be a fresh laceration. The injury appeared significant and required veterinary attention.
7. I offered the owner the option of surrendering Zaid to the SPCA so that the animal could receive appropriate veterinary treatment. This offer was declined. I consequently issued a written warning, number 25204, attached hereto as Annexure A6, requiring that adequate veterinary treatment be obtained for Zaid within 18 hours.
8. On 6 July 2026, I again attended the property to conduct a follow-up inspection. Upon my arrival, I met with Beaudine Baartman. The two dogs were free-roaming on the property and had access to drinking water, a clean living environment and adequate shelter.
9. I established that Zaid had not received veterinary treatment despite the instruction contained in the warning issued on the previous day. I therefore issued a second written warning, number 25210, attached hereto as Annexure A7, requiring that adequate veterinary treatment be obtained within 18 hours.

I, Lee Shanon Prins, further state under oath and in English that:

10. The matter was thereafter handed over to Inspector Lwazi Ntungele for further action and investigation.
11. Using my cellular telephone, a Samsung S24 FE, I took photographs documenting my observations during the inspections. These photographs have been placed in Album A. I confirm that the photographs are a true and accurate representation of my observations and findings at the time they were taken and that they have not been edited, altered or enhanced in any manner.

AFFIDAVIT VETERINARY REPORT

I, **Dr. George Birch**, hereby make oath and declare in English as follows:

1.

I am an adult male veterinarian registered with the South African Veterinary Council (SAVC) under registration number D06/5077. I hold a Bachelor of Veterinary Science degree (BVSc), with 16 years of experience. I am currently employed by the Cape of Good Hope SPCA. I am competent to provide veterinary services and experienced in identifying clinical signs of neglect and cruelty in animals.

2.

The facts contained in this affidavit fall within my personal knowledge unless indicated otherwise or unless it appears so from the context. The facts are also, to the best of my knowledge and belief, both true and correct.

3.

On 10 June 2026, I conducted a full clinical examination of a canine admitted into the care of the Cape of Good Hope SPCA. The animal had been seized from a property situated at 54 Warath, Highplaces, Cape Town, and was presented by Inspector Lwazi Ntungele under Cape of Good Hope SPCA case number INSP234356.

3 J. d. V.
1

I, **Dr. George Birch**, hereby further make oath and declare in English as follows:

Additional Clinical Findings:

The left ear exhibited significant traumatic injury consisting of a laceration with a degloving wound. The auricular cartilage was exposed, and there was marked discharge present. The wound appeared to be relatively recent; however, early infection was suspected due to the presence of discharge and the nature of the wound. The injury would have been extremely painful.

4.

VETERINARY OPINION:

In my professional opinion, the primary medical concern identified was the severe traumatic injury to the left ear.

The degloving injury and associated laceration were acute in nature and would have caused the animal marked pain and discomfort. The exposed cartilage significantly increased the risk of bacterial contamination and subsequent infection. The wound was clearly visible and of such severity that it required prompt veterinary attention.

Failure to obtain timely veterinary treatment would have unnecessarily prolonged the animal's pain and increased the likelihood of complications, including infection, delayed healing and permanent damage to the ear.

5.

PROGNOSIS AND RECOMMENDATIONS:

The prognosis for this animal was considered excellent, provided appropriate veterinary intervention was instituted.

The following treatment was recommended and undertaken:

- Surgical repair of the traumatic ear wound.
- Appropriate analgesia (pain management).
- Antimicrobial therapy to treat and prevent infection.
- Ongoing wound management and post-operative monitoring.

Surgical repair was successfully performed, and the patient responded well to treatment without any immediate complications.

6.

CONCLUSION

At the time of examination, the patient was in good general body condition with no evidence of systemic neglect. However, the traumatic injury to the left ear constituted a significant welfare concern. The wound was large, obvious, painful and required urgent veterinary treatment.

In my professional opinion, the owner ought reasonably to have recognised the severity of the injury and sought veterinary attention without delay. The failure to do so unnecessarily prolonged the animal's pain and suffering and exposed the wound to an increased risk of infection and further complications.

While the animal's overall condition was otherwise good, the isolated failure to obtain prompt treatment for such an obvious and painful injury is concerning.

 2 J.D.V

I, **Dr. George Birch**, hereby further make oath and declare in English as follows:

7.

I know and understand the content of this declaration.

I have no objection to taking the prescribed oath.

I consider the prescribed oath to be binding on my conscience.
