Hi ma'am/sir, I am in Sea Point and I found an injured pigeon tonight that appears to have a broken/injured wing. I have it safely contained indoors overnight. Im unable to travel to the SPCA as I'm currently writing prelims, Would there be any chance that you be able to collect the pigeon from sea point please, or advise me where I can safely hand it over tomorrow morning?

Thank you so much very worried about this poor bird with the strong winds this side.
