Comments:	Melany called and informed us one cat had died. She was not going to be home and was unable to drop the kittens at eh closest vet. I asked her who will be home to assist the driver if she is away and she said no body. I reopend the collection for the day shift and explained that if she is not home, we will be able to colect the cats which is the reason the one died as we dont work around a time frame.
