

ROMANCE

BRYTE INSURANCE "TAKE IN PERSONALLY"

PRODUCTION BOOKLET

Tech Recce: Sunday, 11th January 2026

Wardrobe Fitting: Friday, 16th January 2026

Gear Checks: Friday, 16th January 2026

Shoot Day: Sunday 18th January 2026 (Extended Day)

We would like to thank the crew for agreeing to a straight Sunday and in return we will pay all crew invoices within 7 working days of correct invoicing.

Please Note: This is a green set, please bring your own water bottle & reusable coffee mug to set, no single use plastic bottles will be available.

Strictly no posting set pictures on social media

FOREWORD

Dear Crew member

- All persons involved in this production must respect the confidentiality of the script, the advertising concept and all aspects of the production and as such may not disclose any information to the media.
- To protect the confidentiality of the project, all forms of social networking, i.e. tweeting, instagram or facebook posts or any communication / photos of any filming content / talent on set will be strictly prohibited.
- All communication with agency and client should be directed through Director, Producer and First Assistant Director. Please will everyone involved in this production uphold Romance's work code of respect and professionalism at all times. Thank you for your cooperation. If any person is approached by the media requesting information about the film production, please refer them immediately to the producer.
- Romance Films is not responsible for any items lost, stolen or damaged on the shoot. Crew and cast must make sure their valuables are kept in a safe place at all times.
- Please refer to Romance Films Sexual Harassment and Discrimination policy sent out via email.

Thank you for your cooperation and have a great shoot

PRODUCTION NOTES

- A CREW MEMBER represents the Company he/she is hired by, and performs as an ambassador to the Company's Clients. He/she will therefore ensure he/she is well presented in appropriate clothing and has been fully briefed by Production as to what is required, including scheduling and shoot arrangements.
- The Company expects the CREW MEMBER to be a responsible professional who understand the necessity of professional behaviour when representing the Company and when in the presence of its Clients, the public or any other private individuals who have given the Company access to their services and/or locations.
- The Company expects the CREW MEMBER to exercise discretion and confidentiality regarding all Company, Production and Client related matters. The CREW MEMBER shall not divulge or communicate to any person or persons, or make use of any information which he or she may acquire in relation to the Company or Clients property, trade, business, marketing, production, general or personal affairs. Breach of this shall, if proved, be grounds for immediate dismissal and further action can be taken. In addition, all company manuals covering the processes and procedure and other confidential Company data/paperwork such as call sheets, scripts and storyboards must be treated in a discreet manner.
- The CREW MEMBER understands that should any dispute arise whilst on a Company set, that his/her concern regarding this issue is to be brought to the immediate attention of the Company's Producer and to be handled discreetly and professionally ensuring the work in progress is not affected. The Company then undertakes to address this dispute confidentially.
- Any CREW MEMBER receiving petty cash from the Company will be expected to sign an IOU and on signature of this IOU, becomes responsible for the full amount received agreeing to supply the Company with a detailed reconciliation, in a prescribed time period. The CREW MEMBER understands that all items purchased are purchased on behalf of the Company and all original receipts and goods remain the property of the Company. He/She understands too that the Company's Petty Cash Envelopes are to be used for reconciliation, no personal expenses will be accepted and that the Company cannot be held responsible for loss or theft of cash floats. The Company demands that the CREW MEMBER does not use personal cash or his/her bank account and that cash required is planned ahead and requisitioned from the Company. Where petty cash is owing to the CREW MEMBER, payment will only be made once the Company is satisfied that legitimate supporting receipts have been supplied. These receipts are to reflect supplier name, address, contact number, VAT number and details relating to the purchase and the CREW MEMBER understands that this is particularly the case with receipts valued at over R100.
- When hired by the Company, should the CREW MEMBER accept a hired vehicle for transportation of Clients and/or equipment and/or other purposes, the CREW MEMBER confirms he/she is in possession of a valid driver's license or any other license relevant, including a Professional Driving Permit, to the function he/she is hired to perform. On acceptance of the hired vehicle, the CREW MEMBER becomes responsible for this vehicle whilst in his/her possession and the Company will not be held responsible for any damage caused to the vehicle as a result of negligence or recklessness. In this case the costs of any damage or the insurance excess will be covered by the CREW MEMBER concerned.
- The CREW MEMBER agrees that car hire and mileage will not be paid out of Petty Cash and nor will the hire period of a hired vehicle be extended without prior clearance from the production department.

- h. The CREW MEMBER undertakes not to take any hired vehicle home at night unless he/she has the Company's permission and is able to provide a secure parking area. If this is not the case, alternative arrangements will be made with the Production Office. The CREW MEMBER will ensure that the hired vehicle is in working order, has the required spares, adequate petrol and oil, etc and is clean and safe to drive or to ferry equipment, crew/talent or clients.
- i. Persons driving vehicles must be over 23 years old. Should this not be the case, it must be brought to the Company's attention, as certain insurance limitations, including premium increases, need to be taken into account.
- j. Should more than one CREW MEMBER drive a hired vehicle, this is to be brought to the Company's attention. Supplier hire terms require that additional drivers are named or in the case of an accident or insurance falls away. An HOD will be responsible for ensuring additional drivers handle the vehicle responsibly.
- k. The CREW MEMBER undertakes to transport the Company's equipment or crew/talent safely and responsibly adhering to traffic laws and speed limits and will under no circumstances drive the vehicle when under the influence of alcohol or any other prohibitive substance. Any fines received relating to the contravening of any traffic or road act are for the CREW MEMBERS expense. The CREW MEMBER understands that no vehicle holding Company or hired-in equipment is to be left unattended at any time.
- l. The CREW MEMBER accepts that when his/her function requires that he/she is on the road during lunch hours, that he/she will receive a refreshments allowance as per the current CPA working conditions addendum.
- m. The CREW MEMBER accepts that should he/she use his/her cell phone for Company business, the Company will not accept expenditure exceeding the current CPA working conditions addendum,
- n. whether in the form of a bill from the CREW MEMBER or a pre-paid card. Any other expenditure required is to be cleared with the production department prior to use.
- o. The CREW MEMBER understands that he/she is responsible for any equipment or any Company goods placed in his/her care for the duration of the shoot and that a suitable explanation will be required should these goods be damaged in any way. Failing a suitable explanation being provided, the CREW MEMBER will be held responsible for the cost of the damages
- p. The CREW MEMBER understands that the consumption of alcohol and drugs during working hours is strictly prohibited. Should the Company have reasonable grounds to believe the CREW MEMBER is under the influence of drink or prohibited drugs, or in the possession of prohibited drugs during working hours, or supplying prohibited drugs, the CREW MEMBER will be immediately dismissed and action will be taken against them.
- q. The CREW MEMBER undertakes to ensure he/she has sufficient rest to allow him/her to perform optimally and in an alert manner, particularly with reference to driving or other high risk or physically challenging work. Should the CREW MEMBER believe he is not able to perform, he is to bring this to the immediate attention of production who will address it accordingly. Furthermore, if the CREW MEMBER is aware that he/she is booked on an extended day followed by an early call on another production the following day, the Company requires him/her to make the necessary arrangements prior to the Company's shoot and to inform all parties ensuring work in progress is not compromised.
- r. The CREW MEMBER undertakes to be punctual respecting all production or shoot arrangements and agrees to contact the production office immediately should he/she be likely to be delayed so causing hold up of work in progress.
- s. The CREW MEMBER understands that the Company subscribes to the current CPA Working Conditions and unless otherwise advised, all terms of business will relate to these
- t. Standard taxation and PAYE will be deducted from salaries and other items as required by the Receiver of Revenue.

ART DEPT PERSONNEL understand:

- a. That all goods purchased or commissioned (including general and special props and wardrobe) on behalf of the Company remain the property of the Company and are to be returned to the Company within a prescribed time period along with their itemized reconciliation and a detailed inventory and that this will be

expected before payment is considered. They understand too that no item is to be sold off, handed to any individual, retained or disposed of and that the hiring fee of personal goods is to be negotiated with their Producer upfront or be no more than 10% of the accepted market value of the goods.

- b. That no Company budget is to be exceeded without prior clearance from a Company Producer and that cheques are to be drawn for any purchase exceeding R5000. Personal Bank Charges must be pre-negotiated with the Production Company.
- c. That any terms of business specific to themselves, or to any supplier require clearance from a Company Producer or the Accounts Department and that the same procedure applies to special payment terms.
- d. That production is to be informed immediately any person is added to the art department staff contingent and that personnel hired in are to be experienced, reputable individuals who are able to add value to the department. Rates paid to these individuals will relate to their experience and be calculated according to current market rate sheets. Names of all individuals operating in the art department are to appear on Company call sheets ensuring they are accounted for and included in the Company's Personal Accident Insurance cover. Their days worked are to relate to the budget and are not to be extended without prior clearance from a Company Producer. Casual Labour may be paid out of Petty Cash but the Company requires that a receipt is signed including name, address, signature, and contact number of the individual concerned. Note a maximum of R272-00 per day for casual labour is payable before PAYE is payable.
- e. That they are expected to ensure their props and wardrobe are covered adequately by the Company's insurance and understand that if any prop is worth more than R20 000, they will make special mention of this article, bringing it to the Company's attention.
- f. That the Company expects them to have the requisite tools and consumables available to the Company in order to perform their role as required by the shoot in question.
- g. That driver's transporting goods have a Professional Driving Permit if required by law.
- h. Standard taxation and PAYE will be deducted from salaries and other items as required by the Receiver of Revenue.

HAVE A SAFE AND FUN SHOOT!
